Subject	RE: MV SEREN TALON / ALMADRA - CHARTERERS' RIDER COMMENTS

Charterers have reverted on the rider as follows, all other terms as per main terms of 04 May:

1) **NOR:** Charterers cannot accept NOR tendered outside port limits at Santa Rilla owing to regular congestion at the outer roads. NOR to be tendered only on arrival at the customary anchorage within port limits; delete "whether in port or not". In exchange Charterers agree laytime to commence 6 running hours after valid NOR (instead of 12).

2) **Demurrage:** Charterers counter at USD 14,000 per day pro rata.

3) **Claims time bar:** Charterers require 120 days instead of 90 days to allow receivers' documents to be collated.

Owners' comments please.
